The Blessings of Death

Have you ever taken the time to observe the vibrant colors that God displays in the fall foliage? We are so blessed to live in an area where we have the opportunity to witness the majesty of God in color on an annual basis. As the trees around us begin their winter hibernation process, they stop the manufacturing of chlorophyll known as photosynthesis. As they shut their factories down,

their leaves lose their bright green pigment due to various factors such as: waste, sunlight, and chilly autumn evenings, the leaves trade their bland summer attire for beautiful autumn hues. I love watching the leaves as they seem to dance in their vibrant evening gowns to the melodies of the fall breezes. In order for us to enjoy the picturesque landscapes of our land, the leaves have to

die. This is an incredible picture of the Christian life. If we do not die to self, defenses, offenses, self-desires, etc... we will never be able to show the beauty of God's creation to those who would be blessed by it. Allow God to work in you to be a beautiful picture reminding others of how great He truly is.

Top Ten Manners Every Person Should Exercise:

1. Never belch or flatulate purposefully in the company of others. When it does occur, sincerely excuse yourself.
 2. Respond to others. Don't use communication devices or entertainment pieces as a way of ignoring others.
 3. Children should be in the habit of tagging "ma'am" and "sir" on to the end of their "yes" and "no" responses.
 4. Don't interrupt others in conversation. When you do, you are showing that you think what you have to say is more important than what they have to say.
 5. Be a sincere listener.
 6. Don't make statements that guilt others into giving you compliments.
 7. Put the needs and feelings of others before your own.
 8. Give the benefit of the doubt.
 9. Open doors for ladies.
 10. Clean up after yourself.
- Remember, you can always minister to those who have less manners than you, but it's very difficult to minister to those who have more.
